

THE BLACK SORROWS

CROOKED LITTLE THOUGHTS MUSIC POETRY ART

The Black Sorrows' Crooked Little Thoughts is a visually stunning 3CD & 72 pg hard cover edition book set.

With his love of art and of music, Joe's concept was to release 24 new Black Sorrows songs, on 3 CDs, and teamed up with artist Victor Rubin to create the visual aspect of the book based on the songs.

24 original paintings featured alongside 24 original songs together in a beautifully bound hard cover book.

Joe Camilleri has been making music for more than 45 years, but has never released an album quite like this. A book filled with stories and art accompanied by music!

The 3 CDs housed within the book feature brand new Black Sorrows songs, yet Crooked Little Thoughts sounds like a Joe Camilleri best-of. The songs take us on a trip through all of his music loves: pop, rock, blues, jazz, soul, country and gospel.

This is Crooked Little Thoughts, The Black Sorrows' first release in five years.
