BAKELITE RADIO VOLUME I

BAKELITE RADIO VOLUME I

Bakelite Radio have charted a strange path in the making of their CD's. The story began in late '99 during their first studio sessions. The tracks were sounding great but a shift in direction arose. The band did more demo's, recorded some of those originals and completed the disc. It didn't seem right to call the release anything but Volume II.

Moving forward nearly nine years to the Volume IV session and an odd thing happened. **Bakelite Radio** had moved back to the feel of the old sessions. These tracks reminded the guys of that starting point years before. Old demo's were dusted off, other tracks tweaked and, combining the sounds from the Volume IV session felt right.

Volume I features thirteen songs such as Good Times (Sam Cooke), Holy Cow (Allen Toussaint), Come Back Baby (Ray Charles) and Nobody's Faulty But Mine (Nina Simone).

Bakelite Radio Volume I, where it all began.

Out now on **Head Records**.
